

***Sketch map – the view east from the footbridge**

On the footbridge that crosses the Royal Victoria Dock from the Excel Centre to Silvertown, look east and draw a sketch map of land use on both sides of the dock. Note the **Tate and Lyle and Spillers warehouses** and **London City airport** in particular. Annotate your sketch map with information about *why the types of industry you can see would have chosen this location*. If you have time, swap sides and sketch the other direction too!

***Sketch map 2: the view west**

Things to look out for in this direction: **Canary Wharf** - where we have just been, **The O₂**, **luxury riverside housing**, **lower quality housing** behind - this is **Silvertown Quay**, an area which will also be regenerated in the next few years. Also look out for some **evidence of the area's industrial past** - not as evident in this direction as looking east!
